Boys with Matches Set Fire

Fire broke out Thursday afternoon in the dwelling of J. S. Hall now occupied by Jack Lower. The fire is supposed to have started in a shed in the rear of the house and spread very quickly to the main building. The firemen responded very quickly and soon had it under control, but not until considerable damage was done. The fire communicated to L. S. Alden's house doing very little damage however. Another case of boys playing with matches.

Willoughby Field Day.

There was a meeting of the Willoughby Fish and Game club held Thursday evening in the office of E. C. Skinner and final arrangements were made for the field day to be held at Willoughby lake. The date finally decided upon is Saturday, August 13. The following committees were appointed: water sports, Dr. F. R. Hastings, E. E. Mathews, Dr. H. F. Hawks and W. W. Coe; land sports, C. V. Willey, E. C. Skinner, C. L. Erwin, O. C. Woodruff, and Geo. Conroy; general committee, E. E. Doe, M. M. Taplin, C. S. Skinner, O. H. Mossman, and J. G. Turnbull.

Praises Orleans Team.

The Stanstead Journal, speaking of the Orleans baseball team aggregation in connection with a recent game played there in which the Orleans team gave the Frontiers a trouncing, said: "The young men from Orleans are a lively bunch of ball players. The battery, Bassett and Bassett, are all right and the whole team are heady workers. Very few better first basemen than Wilkey and he is a very sure hitter. Little Connor at short was steady and cool, and when he threw the ball it was generally a bull's eye. Thayer on 2nd was just as good as any on the team, but fell down with the stick. Scott at 3rd was equal to all chances nearly. Two most excellent features of this team was the fact that the captain of the team led his men, they were free from contention, did not 'chew the rag,' and obeyed signals. When they hit the ball they were off and did as they were coached even when the coaching worked against them."

Saturday's Game.

The ball game Saturday, between the Frontiers and Orleans, on the local grounds, proved very close and interesting though closing in an unfortunate way, the last of the 6th inning. Orleans won by the actual score of 3 to 2, but under the rules the umpire necessarily declared the game forfeited by the score of 9 to 0, on account of the Frontier team leaving the field. The hits were 9 to 3 in favor of Orleans, and the Orleans youngsters plainly threw away many opportunities to score. It was this free hitting of Jenkins, undoubtedly, that led to his leaving the field, making an excuse the decision of the umpire on a close play at the home plate, and the remainder of the Frontier team could not do otherwise than follow as they were left without a battery. Since reaching home and talking the matter over, the Frontier team, excepting Jenkins, have preferred a request to Manager Wilkie of the Orleans team to be given another date at Orleans athletic park, and in this sportsmanlike way make amends for their inexcusable quitting of the game Saturday. Sayre, who caught the game for the Frontiers Saturday, will undoubtedly do the pitching in this next game between the two teams, Catcher Bishop formerly of Island Pond making out the battery. Manager Wilkie will fix a date as early as may be, and when it is announced, it will insure one of the best games of the season.

Among those from out of town who attended Mrs. G. W. Parker's funeral Tuesday were Mr. and Mrs. P. O. Holt of Newport, Mr. and Mrs. H. B. Smith, Mr. and Mrs. H. Stannard, Mr. and Mrs. O. G. Page of Orleans, V. O. Parker and family of Lowell.

A quiet home wedding was solemnized Monday afternoon at two o'clock when Lucy H., daughter of the late C. W. Wheeler, became the bride of Douthett D. Atanasoff. The ceremony was performed by Rev. G. L. Shaeffer of Orleans in the presence of the immediate relatives and a few friends. The house was daintily decorated with ferns and cut flowers. The double ring service was used; Leonie Wheeler, cousin of the bride, acting as ring bearer. The bride wore a gown of Bulgarian hand woven silk with trimmings of Turkish embroidery. After the ceremony the guests enjoyed a social hour. Dainty refreshments were served, after which the happy couple left for a short trip through the White Mountains. Congratulations and best wishes are extended.

The many friends of Mrs. G. W. Parker were saddened to learn of her death which occurred at her home Sunday afternoon. For the past year she has been a sufferer from heart trouble set in which resulted in her death. Her husband left nothing undone, which might add to her comfort, and she had the constant care and companionship of her three daughters and sister, Mrs. Skinner of Orleans. The funeral service was held at her late home Tuesday at two o'clock Rev. E. P. Treat of Richmond, a former pastor officiating, assisted by Rev. C. A. Adams and Rev. E. E. Wells. She was laid to rest amid beautiful flowers, the gifts of loving relatives and friends. Mrs. Parker possessed a sweet and cheerful disposition and was a loving, devoted wife and mother.

Consider the advance in prices of rents, etc., we feel justified in adopting these prices.

Fifty Men Want to See Johnson and Jeffries Meet Again

Reno, Nev., July 18.—That there are some sporting men who seem determined to bring Jeffries and Johnson together again in some kind of a return fight at some place, is demonstrated by the following private message received in this city by a business man from a man who is in close relation with sporting affairs in San Francisco:

"Fifty men here in the hotel (naming a prominent hotel of San Francisco) to pay \$1000 each to see Jeffries and Johnson fight in a big room, and I positively believe it will come off."

This comes from such a reliable source as one of the most noted managers in the ring for the last several years, but whose name is withheld from publication. The message has the stamp of good faith in so far as its brief statements go.

Broiled Caterpillar.

Fancy eating caterpillars for dinner! The very thought is enough to upset one, yet among the natives of Rhodesia caterpillars are greatly esteemed as an article of diet. Only the tough, hairy skins are used, these being placed in the ashes of a wood fire, where they shrink and blacken. This particular kind of caterpillar is found in considerable numbers throughout the country. Often an army of them may be seen crawling up a tree trunk, each caterpillar touching its predecessor.—Wide World Magazine.
